## Danger in Figs.

Figs, as found in our markets, are all hand-picked, consequently if the cholera should become epidemic in Smyrna it would be quite dangerous to eat these figs. The United States Government has very wisely provided for such a contingency as may be seen from the following:

Some days ago United States Consul Emmet, at Smyrna, in a communication to Surgeon-General Wyman of the Marine Hospital Service, stated that in the event of an epidemic of cholera at that place there would be great danger of the disease being introduced into the United States through the method of handling and packing figs for shipment. He cabled Dr. Wyman that the whole Province of Smyrna was quarantined, with cholera epidemic, and asked if he should receive fig invoices. Dr. Wyman cabled in reply that all figs from Smyrna should be prohibited for the present. The doctor said he was authorized to prohibit the importation of figs from Smyrna under the Treasury Department regulation issued February, which prescribed that any article of food, more especially fruits, invoiced for shipment in a cholera-infected country, and which would not yield to the disinfecting process, should be prohibited from importation into the United States.—Am. ## Trenton's Battle Monument.

The Trenton (N. Y.) battle monument on dedicated on Thursday, with much pomp and parade. The city was lavishly decorated in honor of the occasion, and strangers from far and near, filled the streets to take part in the exercises.

The monument commemorates the historical encounter of Gen. Washington with the British and Hessians in the streets of Trenton on December 26, 1776. At that time Trenton was a straggling village. The place where Washington with his ragged and half-famished army crossed the Delaware on that cold Christmas night before the battle is only two miles distant. Through a glass the battle-fields of Princeton and Monmouth may be seen. The monument is in Monmouth Park at the junction of Warren and Green streets and Brunswick, Princeton and Pennington avenues, the exact spot where Capt. Alex Hamilton, of New York, opened his battery of the New York State company of artillery on the Hessian foe. Around about the monument 30,000 people were gathered to witness the exercises. The military rested arms in Warren street, the thoroughfare down which the Hessians were swept and from whose soil mementos in the shape of shot and shell are still occasionally dug up.

## What's in a Name?

It has been given out that, with the December number, the personal equation will be eliminated from Fetter's Southern Magazine, and that popular periodical will be known in the future as The Southern Magazine. General Basil W. Duke continues as its able Editor-in-Chief, with Mr. Opie Read as Associate Editor.

The Southern Magazine is truly representative of the best culture of the entire South, and is growing in favor with each issue. It is published by the Southern Magazine Publishing Co., Louisville, Ky.

J. H. Furst, cashier of the First National Bank, of Salisbury, N. C., was arrested Wednesday just as he was about to leave for parts unknown. He was discovered to be \$16,000 in arrears. He settled the amount in full.

A tree or plant obtains its subsistence largely from the rootlets, in small fibrous roots. These delicate and tender organs are endowed with wonderful strength and persistence. In their search for food, hard soils and some times even soft rocks are penetrated by them.

The nineteenth annual session of the American Banker's Association met in Chicago Wednesday. In an address before it, Controller of Currency Eckels said: "Complete return to financial health can not be had so long as the first great cause which covered all the land with doubt and uncertainty and filled the people's minds with fear as to the stability of our financial institutions yet remains to plague the lines of business, create distrust at home and abroad as to the value of American securities, and bring to naught the efforts of those who, in the midst of present disaster and threatened ruin, maintain full faith in the coming of better times."

To solve the problem requires thought. But the simple fact is known to many—that Dr. Fenner's Golden Relier cures Consumption. It does it every time and in every case, when used before the lungs have become so far disorganized. Here's a typical case: Miss Jones, aged 20, has lost 25 pounds, cheeks have the " hectic flush"; coughs and raises all the time; has just returned from the South, where she spent the winter. Did not improve. She takes 5 drops of Dr. Fenner's Golden Relier, on a small lump of sugar, once in 2 hours. Improvement begins at once. In 2 weeks she has gained 10 pounds. In 6 weeks she weighs 130 and is cured. The remedy is a SPECIFIC IN INFLAMMATION. No inflammation, no soreness, no consumption. Thus it cures a long list of ailments from a common sore throat, to a grave bronchitis, asthma and consumption, from a toothache to a grave neuralgia, from a headache to a grave rheumatism and from summer complaint to a grave dysentery, cholera or flux. This wide range of application has sometimes unjustly caused it to be dubbed a "cure all." But it isn't. It cures one disease and that is inflammation. Inflammation cannot exist in its presence—and that solves the problem. One tablespoonful dose cures La Grippe. It never disappoints. Contains no opiates, narcotics or mineral poisons. Perfectly safe. Money refunded if satisfaction not given. Take home a bottle to-day.

## The World's Fair and American Railways.

T. V. & G. A. railroad, and proceeds north over the beautiful Cincinnati Southern, through the grandest natural scenery and most attractive historical country in the world, to Oakdale, where another magnificent Pullman car is received, coming from the Richmond & Danville System from Charleston, S. ## Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by W. S. Lloyd. 19-1f

## The First Steps.

The man who cannot make a dozen hens pay a fair profit on the investment will not succeed with a large number. The losses occurring with large flocks are due to diseases, which may carry off hundreds in a short time. The individuals of a small flock may be easily noticed, and when a whole year has been given to observation with such a flock the matter of keeping poultry for profit will be better understood. It is not so much how to succeed as how to avoid loss that the poultryman should understand. The first step is with a small flock, and progress should be made gradually, in order to become proficient.—Mirror and Camera.

**THE OHIO CHEMICAL CO.:**  
DEAR SIR:—I have been using your cure for tobacco habit, and found it would do what you claim for it. I used ten cents worth of the strongest chewing tobacco a day, and from one to five cigars; or I would smoke from ten to forty pipes of tobacco. Have chewed and smoked for twenty five years, and two packages of your Tablets cured me so I have no desire for it.

He was a heavy and constant drinker, but after using your Tablets but three days he quit drinking, and will not touch liquor of any kind. I have waited four months before writing you, in order to know the cure was permanent. Yours truly,
